

ASCE GOLF TOURNAMENT

We have begun preparing for the 11th Annual Sacramento ASCE Charity Golf Tournament to be held on Monday, July 16th, 2009 at the Catta Verdera Country Club in Lincoln. YMF is still looking for volunteers to assist with collecting raffle prizes and contacting local engineering/architecture/construction firms for hole sponsorships in the two months leading up to the tournament. If you are interested in being a part of this charitable event and meeting others in the process, please contact Brian Brown at brown@ford-consulting.com.

YMF Mixer

Join YMF at Lucca on Wednesday, May 6th for the May mixer. The restaurant is located at 2960 Del Paso Road, Sacramento and the social hour begins at 5:30 pm. Appetizers will be provided. Following the social hour, student scholarships totaling \$4,000 will be awarded to the winners. Following the scholarship awards, Bill Shunk of Mark Thomas & Co. will be presenting on the R Street Improvements Project. The project, along R Street between 10th and 13th Streets, is the first of four planned streetscape improvement projects in Sacramento along the R Street Corridor from 9th to 18th Streets. This particular project is notable for the historic alignment of the Sacramento Valley Railroad that runs along the middle of R Street, and the industrial buildings and loading docks that were constructed adjacent to the tracks to utilize railroad transit. Designing a pedestrian friendly street while simultaneously preserving the historic railroad tracks and aesthetic features of the corridor has resulted in a number of engineering challenges that have required some unique design solutions. Please check the YMF website for more information or contact Elias Karam at Elias.Karam@jacobs.com with any questions.

UPCOMING EVENTS
